Exuding elegance and charm, The Baker House 1650 is an exclusive hideaway ideal for a romantic weekend getaway. Featuring wood craftwork derived from medieval English architecture and a Colonial revival staircase, the wood-burning fireplaces and William Morris wallpaper contrast with the flat-screen T.V.s and state-of-the-art cable and D.V.D. players. Additional suites are now available in the Baker Carriage House, which is situated within the private, exquisitely landscaped acre located behind the main house. The outdoor terraces, surrounded by flowering perennials and shrubs, delicately scented herbs and English gardens, are perfect for alfresco dining, and the outdoor infinity-edge pool, with teak chaises for sunbathing, is utterly relaxing. The Baker Spa, with lap pool, steam shower and sauna, is the ideal retreat. In the summer, you will receive coveted East Hampton Village beach parking passes, as well as beach towels, umbrellas and chairs.
